When We Save, Your Save

To help keep energy affordable we're returning more than \$200 million in savings to our customers this year. This includes federal tax reform savings and additional savings achieved through reduced operating costs—savings that we're passing on directly to our customers. Visit aps.com/lowerbills to learn more.

Get Summer Ready

Many factors can affect your energy bill, the weather being one of them. Learn why your bill may change during the summer season. Visit aps.com/mybill for more information.

Billing and collection information

Make checks payable to APS and mail to:
APS, PO Box 2906, Phoenix AZ 85062-2906

Credit and Collections:

- 602-371-7607 (Phoenix) or
800-253-9409 (Other areas)
- Your utility bill is due and payable no later than 14 days from the bill date. Late payments will be considered delinquent and are subject to a late payment charge of 1.5% per month.
- If your power is shut off for nonpayment, you must pay the delinquent amount(s) and a deposit or additional deposit before power will be restored.
- **Deposit Guidelines:** APS may require a security deposit for service if the account, during a consecutive 12-month period, becomes delinquent with two or more bills or has been disconnected for nonpayment or, when a Non-Residential customer's financial condition may jeopardize bill payment (determined by APS using a credit scoring worksheet).
- When you provide a check as payment, you authorize us either to use information from your check to make a one-time electronic funds transfer from your account or to process the payment as a check transaction. When we process your check electronically you will not receive your check back from your financial institution and funds may be withdrawn from your account on the same day we receive your payment.

Glossary of Terms

Customer account charge - The minimum charge for having service available, whether you used electricity or not.

Billing - The cost of calculating and providing your monthly statement.

Delivery service charge - A charge, based on your kWh usage and/or kW demand, to build and operate the equipment for delivering electricity, including lines, poles, transformers and substations.

Demand charge - A charge for when you use electricity the most based on the period of time detailed in your rate plan.

Environmental benefits surcharge - A charge to cover the costs of programs approved by the Arizona Corporation Commission, including: energy efficiency and renewable energy projects.

Federal Environmental Improvement Surcharge - A charge to recover a portion of the cost of investments and expenses for environmental improvements at APS' generation facilities designed to comply with environmental standards mandated by federal laws or regulations.

Franchise fee - A charge by a municipality for APS' use of the public rights-of-way for its facilities.

Generation of electricity off-peak - The cost of producing the electricity used during off-peak hours.

Generation of electricity on-peak - The cost of producing the electricity used during on-peak hours.

Grid access charge - A charge to recover some of the fixed costs of electric grid facilities that a customer with rooftop solar would not otherwise pay for through kilowatt-hour charges. Only applicable to customers with new rooftop solar who are billed on a non-demand rate.

Generation of electricity - The cost of producing the electricity you used this month.

Meter reading - A fixed fee to determine your energy use.

Metering - A fixed fee for providing and servicing the meter.

Power supply adjustment - An adjustment mechanism to recover fluctuations in fuel and purchased power costs.

Regulatory assessment - A cost imposed on customers of state regulated utilities to help fund the Arizona Corporation Commission and Residential Utility Consumer's Office.

Systems benefits charge - A charge to cover the costs of programs approved by the Arizona Corporation Commission, including low-income assistance, demand side management, customer education, environmental, renewables, long-term public benefit research and development, nuclear fuel disposal and nuclear power plant decommissioning programs as well as other programs approved by the Commission.

Federal Transmission and ancillary services - The cost for moving high voltage electricity from generating facilities and other sources to the APS distribution lines.

Transmission cost adjustment - A cost, based on your kWh usage, to adjust for annual changes in transmission-related costs procured to serve retail customers.

LFCR adjustor - A charge to recover fixed costs of providing service, such as power poles, wires, and other delivery infrastructure, that are lost due to mandated energy efficiency and rooftop solar.

Your safety is our priority. Please remember:

- Treat all wires with respect and caution. Always assume a downed line is energized.
- Stay away from electrical equipment and substations.
- Electricity seeks all paths to ground. Never put yourself in a position to become a part of the path by touching energized equipment.
- If your vehicle comes in contact with a downed wire, stay in the vehicle and call 911 and then APS.
- Do not use water on an electrical fire. Call 911. If possible and if safe, unplug the device or turn off the main breaker.
- Call 811 at least two full working days before you excavate.
- Visit aps.com/safety for more electrical safety tips
